

JOBS, Office of Career Planning & Professional Development

OFFICE OF CAREER PLANNING & PROFESSIONAL DEVELOPMENT

Making an Appointment

Current GC students can sign up for career advisement appointments using [GC Connect](#). To make an appointment in GC Connect, follow [these instructions](#). Please note that you can only schedule appointments up to two weeks in advance.

If you are not a current GC student or need assistance using GC Connect, please send us an email at careerplan@gc.cuny.edu or call 212-817-7425.

Our office (3300.08) is located inside of suite 3300 on the 3rd floor of the Graduate Center. Please bring along hard copies of any documents you would like us to look at (your CV, resume, cover letter, etc.).

[See flyer for Career Advisement here](#)

We also have walk-in hours on the following days:
Mondays from 12:00 – 2:00 pm
Wednesdays from 4:00 – 6:00 pm

[Revise your CV and resume](#)

Meet with Emily Seamone or Don Goldstein soon

<https://careerplan.commons.gc.cuny.edu/about/people>

Are you a student working on an article, dissertation or master's thesis? Do you want more structure for your writing process and feedback on your writing this spring? Are you looking for a friendly, small-group setting to workshop your works in progress? We want you for our [GC Writing Services' Peer Review Writing Groups](#)! We'll meet to share writing, provide feedback, offer mutual support, exchange tips on process, and help each other meet accountability goals. Students will share work and feedback on a rotating basis. Peer critique helps students develop methods to assess and revise their own work outside of the workshop. You are eligible if you are currently working on an article, dissertation materials (prospectuses, chapters), or a master's thesis.

Logistics:

- Running
 - **Tuesdays, April 2 - May 14, 6-8pm OR**
 - **Wednesdays, March 20 - May 1, 3-5pm** (Participants attend either all Tuesday sessions OR all Wednesday sessions.)
- Meetings will be held in room 3312.
- We ask that each participant read and respond substantively (~2 pages) to about 20 pages of peer writing each week, and contribute 10 pages for peer critique every third week. Each participant should also plan to be present at each meeting.
- Email writinghelp@gc.cuny.edu with questions
- Sign up [here](#).

<https://careerplan.commons.gc.cuny.edu/events/gc-peer-review-late-spring-2019>

To join our new Writing Services email list, click [here](#), fill out the form, and check the "Writing Services" box at the bottom.

Program Evaluation Manager

L&G Research and Evaluation Consulting

We are looking to fill two full-time Program Evaluation Manager positions. Each position will be responsible for managing all required evaluation components for a portfolio of public schools that operate 21st CCLC and/or Extended School Day/School Violence Prevention after-school programs. Responsibilities of the Evaluation Manager include, but are not limited to:

- Attend planning and advisory board meetings at assigned schools.
- Conduct site visits to observe programs to assess program quality and fidelity of program implementation
- Attend meetings held by New York City and New York State Departments of Education, Office of Community Schools and participate in monthly webinars
- Provide technical assistance and support to clients regarding grant requirements, data collection procedures, and grant goals, objectives, and targets
- Conduct trainings regarding data collection and data entry procedures
- Monitor and ensure clients are entering data into Youthservices.net, an online data system used to collect student demographic and attendance data
- Evaluate current program operations and outcomes, and apply research, data, and policy analysis to recommend program improvements strategies
- Develop, produce, and distribute site visit reports, mid-year evaluation reports, end of year evaluation reports, and weekly data entry compliance reports.

The position requires a highly organized and motivated individual with the willingness and ability to assume a variety of research, writing and administrative tasks. The ideal candidate must have a sound knowledge of evaluation and research methodologies, as well as effective communication skills.

Please check GC Connect for more details about this job.

Best of luck to your students!

Equity Fellow in Learning and Leadership and an Equity Fellow in Arts Journalism

Greetings. The League of American Orchestras is launching a new Equity Fellowship Program made possible by the New York State Council on the Arts with the support of Governor Andrew M. Cuomo and the New York State Legislature.

We have two paid positions available—an Equity Fellow in Learning and Leadership and an Equity Fellow in Arts Journalism. The League seeks candidates from diverse communities underrepresented in classical music to apply for this intensive career development program for 15 hours per week (flexible scheduling) over a period of eight months. A monthly MetroCard will also be provided. The fellows must reside in New York state and have a New

York state address at the time of application. They must also be either currently enrolled in or recently matriculated from a graduate music, arts administration, or journalism program.

Applications are due Friday, April 5, 2019.

Details on the fellowships, as well as a downloadable flyer with all the details, can be found at <https://americanorchestras.org/about-the-league/jobs-at-the-league.html> [mmsend60.com]. Please help us by forwarding this email to anyone who you think might be interested in applying to the program or who could help us spread the word. Please feel free to reach out to jbush@americanorchestras.org with any questions you may have, and thanks for your help!

Assistant Professor non-tenure track

Assistant Professor non-tenure track at Rush University Graduate College

The incumbent will contribute to, and lead, lab activities in a lab that has used biochemical/cell biological/genetic approaches to understand membrane protein trafficking events (e.g. Exp Cell Res. 372:1-15, 2018). The candidate will have been actively engaged in cutting-edge laboratory research in an area of cell biology/biochemistry with potential relevance to cancer biology or neuroscience and scholarly activity to enhance the academic environment of the department. Performing experiments, analyzing data, mentoring trainees, grant preparation, writing manuscripts, and lab management are all aspects of this position.

The successful candidate will have a Ph.D., M.D., or M.D./Ph.D. degrees with postdoctoral training. Substantial laboratory and manuscript/grant writing experience are required, as is evidence of scientific rigor, creativity, and originality. Must possess strong interpersonal and organizational skills, as well as the ability to interact with a range of personnel including faculty, students, and support staff.

The salary range is competitive and is based on applicant's qualifications. To apply please send a letter of intent, curriculum vitae, names and addresses of three to five references, and a brief summary of past research accomplishments via email with "Assistant Professor" on the subject line to:

Chloee Avery
Rush University Graduate College
Email: Chloee_Avery@Rush.edu

Summer STEM Instructor

The Barnard College Science and Technology Entry Program (STEP) offers an exciting and rigorous academic enrichment program designed to assist 7th - 12th grade students in acquiring the skills and knowledge necessary to pursue post-secondary education leading to careers in scientific, technical or health-related fields, or the licensed professions. STEP seeks to increase the representation of historically underrepresented or economically disadvantaged students in those fields.

Reporting to the Associate Director of C/STEP, the Summer STEM Instructors will work hard to prepare students who demonstrate interest in STEM and licensed professions using hands-on lesson plans and curriculum. Through the rigorous summer program, instructors will ensure that students are fully prepared for introductory coursework in a STEM subject area.

The summer program will run Monday - Thursday between 10:00am - 4:00pm from July 8 - August 1, 2019.

Desired course subjects include, but are not limited to:

- Anatomy
- Architecture
- Biology
- Chemistry
- Coding
- Computer Science
- Engineering
- Environmental Science
- Forensics
- Law and Criminal Justice
- Mathematics
- Nutrition
- Physics
- Psychology
- Robotics

Research Opportunity in Host Immune Response with the Agricultural Research Service (ARS)

APPLICATION DEADLINE: April 10, 2019 3:00PM ET

<https://www.zintellect.com/Opportunity/Details/USDA-ARS-2019-0009> [zintellect.com]

A research opportunity is available with the U.S. Department of Agriculture (USDA), Agricultural Research Service (ARS), Beltsville Agricultural Research Center (BARC), Animal Parasitic Diseases Laboratory (APDL) in Beltsville, Maryland.

Gastrointestinal (GI) nematode infections cause significant losses to the US cattle producers. Currently, parasite control primarily relies on the use of chemical drugs. However, drug resistance is emerging rapidly. Thus, our current research focuses on better understanding of host immune responses to GI nematodes and the identification and testing of potential vaccine candidates. Under the guidance of a mentor, the research participant will receive training in and have the opportunity to perform bench research on parasitology, livestock immunology and immunoregulation, gene/protein profiling and characterization, vaccine development and characterization/testing.

BARC has fully equipped modern laboratories located on a 6,000-acre campus only 12 miles from Washington, D.C. There are hundreds of scientists conducting agricultural research at the center. The center at Beltsville is one of many centers located throughout the United States. Our laboratory has access to a 120 dairy cow research herd located within one mile from the main laboratory. We also have fully equipped facilities housing small and large experimental animals. The University of Maryland at College Park, MD is located 4 miles from our research facility. In addition, the National Institutes of Health, American University, Johns Hopkins University, and Catholic University are in close proximity to our laboratory. This allows access to professional advice on scientific matters, to equipment, and availability to a full array of seminars, workshops, and conferences.

Qualifications

The qualified candidate should have received a master's or doctoral degree in veterinary medicine, immunology, infectious diseases, vaccine development, and/or parasitology in livestock species, or be currently pursuing one of the degree and will reach completion by the start date of the appointment.

Preferred Skills/Experience in:

- Basic lab skills and lab equipment use and maintenance
- Basic knowledge in parasitology and experience in parasite handling
- Cell biology (cell isolation, culture and maintenance)
- Immunology (immune cell isolation and characterization using centrifugation and antibody-based assays)
- Molecular biology (molecular analysis, gene cloning, protein expression, purification and characterization using cell-free and cell-based assays)
- Bioinformatics (basic to advanced knowledge/experience and skills in the use of databases and associated software in sequence/structure analyses)
- Animal handling

Anticipated Appointment Start Date: May 6, 2019

This opportunity is available to U.S. citizens, Lawful Permanent Residents (LPR), and foreign nationals. Non-U.S. citizen applicants should refer to the [Guidelines for Non-U.S. Citizens](#) [orise.ora.gov] Details page of the program website for information about the valid immigration statuses that are acceptable for program participation.

For more information about the ARS Research Participation Program, please visit the [Program Website](#) [orise.ora.gov].

For a full description of this opportunity and to submit your application, visit <https://www.zintellect.com/Opportunity/Details/USDA-ARS-2019-0009> [zintellect.com].

If you have any questions, send an email to USDA-ARS@ora.gov. Please include the reference code for this opportunity (USDA-ARS-2019-0009) in your email.

CUNY Alums

Want to spend the next two years driving progressive policy change, in an area you're passionate about? *Next100* is a new pop-up think tank, for the next generation of progressive policy leaders to work on issues like immigration, racial justice, education and gun violence - and we're looking for six founding Policy Entrepreneurs to help us build it.

Our founding Policy Entrepreneurs will spend two years conducting original research and generating new policy ideas to address the issues that matter most to the next generation. They'll receive mentorship, support and training. They'll develop partnerships, launch creative communications strategies and help build a new type of think tank from scratch. These are full-time, salaried positions, based in NYC. For more info and how to apply, see [here](#). Or follow us on [Twitter](#), [Instagram](#) and [Facebook](#).

The Jewish Foundation for Education of Women (JFEW) is a private scholarship foundation dedicated to helping women of all backgrounds attain a college degree and achieve economic mobility. We are seeking a Communications and Digital Media Manager to play a key role in building out JFEW's digital media platforms and helping us develop a greater sense of community among JFEW Scholars and Alumnae, while also raising the Foundation's profile as a leader in supporting college completion and economic mobility among low-income women. Dear Science Alliance Partner,

We have an exciting year of Professional Development programming planned for 2019, and hope to see strong participation from your STEM faculty, postdoc, and student communities. Here are a few highlights...

Webinars and Digital Content

- **Friday, March 8th** we'll host an expert panel highlighting opportunities available to scientists who are [Thinking About Teaching \[nyas.org\]](#). Available via Webinar, the event also includes a networking reception for those who register to attend in person. Individuals interested in this topic may also wish to register for our asynchronous [Scientists Teaching Science Online Course \[nyas.org\]](#), which will run **June 3rd to August 5th**.
- **On Wednesday March 20th** we'll present [Grantsmanship for Students and Postdocs: Pathways to Individual Fellowship \[nyas.org\]](#), a seminar focused on best practices for effective grant writing, specifically applied to individual pre-doctoral and post-doctoral fellowship applications in the biomedical fields. The seminar is available to both Webinar and in-person attendees.

Although Academy Members enjoy registration discounts of 50% or more, Science Alliance events are available to non-Members as well, so please feel free to share these opportunities with any who may be interested. We welcome your feedback and questions: you can reach me at mceres@nyas.org, or Science Alliance Associate Director Alejandro de la Puente at apuente@nyas.org. We look forward to hearing from you, and thank you—as always—for your Membership and support to Science Alliance.
